March 22, 2022

Dear Mr. Adam Zonder,

The high artistic standards and the commitment of Hangar Theatre Company to values such as gratitude, generosity, and equality resonates with my own professional and personal principles. As a prop artist, I am passionate about the dynamic nature of properties management, the power of transforming objects, and the collaborative process of bringing a story to life. The artistic and educational mission as well as the sense of community shared by Hangar Theatre Company has sparked my enthusiasm to apply and become part of the team as your Props Supervisor this Summer.

Having more than four years of work experience in Education, I have developed a strong capability in leadership and working collaboratively. My master's degree in Scenic Design combined with three years of experience as Prop Master/Artisan/Supervisor, Carpenter, and Painting Supervisor has given me a set of skills that allows me to work with excellence and attention to details, combining pleasant aesthetic and functionality.

I am looking forward to employing my skills in this company and I believe that my previous experience will serve the job well. Please refer to my resume and digital portfolio that highlight my career profile. Given the opportunity, I would love to further discuss my application. Thank you for your time.

Sincerely,

A handwritten signature in black ink that reads "Aline Toloto". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
